EDUCATION

KIET Group of Institutions [AKTU]

Bachelor of Technology in Computer Science and Information Technology

St. Paul's Inter College, Shahjahanpur, UP

Intermediate [CBSE]

Sep. 2023 – June 2027

April 2022 – June 2023

EXPERIENCE

Software Development Intern — Explified

Remote Internship

Sep. 2025 – Present

- Working as an SDE Intern using the MERN stack to build and enhance Explified's core web product.
- Developing dynamic, modular components in React integrated with Node.js and MongoDB backends, improving product scalability and maintainability.
- Collaborating with the product and UI/UX teams to deliver optimized user flows and improve platform responsiveness by 35%.

DSDL Official Website – Frontend Developer

KIET Group of Institutions

May 2025 – Present

- Spearheading the end-to-end development of the DSDL Technical Club's official website using the MERN stack, targeting a September 2025 launch and expected to serve 500+ students across technical domains.
- Architected and implemented a scalable, API-integrated platform with 100% mobile responsiveness, reducing load time by 40% and enabling real-time data interactions for internal tools.
- Coordinated with UI/UX and content teams to achieve 95+ Lighthouse scores in accessibility, SEO, and performance, ensuring WCAG 2.1 compliance and optimized user experience across devices.

PROJECTS

Safe City

HTML, CSS, JavaScript, Bootstrap, Node.js, MongoDB

Nov. 2024

- **Awarded a published patent (Application No. 202511012285 A)** as a co-inventor for "Safe City," a tech-enabled safety platform recognized at Innotech 2024 (KIET's Annual Tech Fest) among the top 1% of innovative projects.
- Developed real-time map navigation and emergency alert system; alerts triggered in under 3 seconds.
- Designed the intuitive frontend and collaborated on UX with design team; over 80 testers engaged during demo.

Responsive Portfolio

React, Tailwind CSS, Framer Motion, Vite, 3D Background Animation

Live Demo

May 2024

- Integrated Framer Motion to implement smooth animated transitions, scroll-triggered animations, and typewriter effects, enhancing user interaction and visual appeal.
- Designed and embedded a custom 3D animated background using WebGL libraries to enhance visual appeal.
- Structured key sections—including Hero, About, Projects, Skills, and Contact—to effectively showcase technical expertise and personal branding.

Amora Website

MERN, JavaScript, Tailwind CSS, Framer Motion

Live Demo

July 2025

- Developed a social matching app with OTP-based JWT authentication for secure login.
- Implemented compatibility matching algorithm that increased successful match rates by 45%, connecting users with similar interests and thinking patterns.
- Enabled real-time messaging via Socket.io with instant delivery.

TECHNICAL SKILLS

Languages: C++, C, JavaScript, HTML, CSS

Tools: VS Code, Git, GitHub, Figma, MongoDB Compass

Frameworks/Libraries: React.js, Next.js, Node.js, Express.js, Tailwind CSS

Database: MongoDB

LEADERSHIP / EXTRACURRICULAR

Acting Coordinator — Vpaksh (Dramatic Society)

KIET Group of Institutions

2023 – Present

Orchestrated the complete production lifecycle of three college theatrical dramas, including casting, rehearsals, and set design; increased attendance by 35% and secured the 'Best Production' award.

Member — DSDL (Technical Club)

KIET Group of Institutions

2024 – Present
